

Friends of Coppenrath and Spiegelburg!

As soon as the cosy Christmas season is over, gloomy winter days start to awaken the yearning for the first warming rays of spring. So, why not skip the winter blues and let yourself be inspired by our attractive theme worlds filled with joy, confidence, and positive thoughts from the beginning of 2024 all the way to summer.

In January, our design **"GardenLove"** will spread cheer with many colourful blossoms. This season, **"All about blue"** is the highlight in our stationery collection. When spring arrives in March, our design classic **"Cheerful dots"** as well as Marjolein Bastin's delicate illustrations of **"Pure Nature"** encourage a trip to the outdoors. **"Urban&Gray"** pampers all grill masters with practical and unique accessories. Whereas **"I love my Paradise"** transports us directly to a summer dream.

Our aim is to bring joy with our products and designs, and to bring colour into everyday life. We hope that we will succeed in doing so in 2024, and that your heart will be filled with warmth as you browse through this catalogue.

For Marjolein Bastin, nature is not only a place of inspiration, but also a source of new strength: "To indulge for half an hour in smelling, feeling, looking and listening. When I get back home, I am a different person. Stronger, happier. Out there lies our greatest wealth. And above all, it is also green!"

I LOVE TO RIDE MY BICYCLE!

We re-discover bicycle accessories for us and for you.
Who else could do it, if not us! As we are located in the bicycle city Münster, the complete staff takes pleasure and approves all the accessories for handlebars, saddle and bicycle rack. Dots, flowers or cheeky design – we take it to the maximum. Understatement is not our style here.

Barbara Behr
Edition

The art of enjoying life!

Barbara Behr already fascinated us with opulent flower arrangements, gorgeous colour worlds and spellbinding reflections of enchanting patterns in spring this year. In autumn we will stick to this design success and add autumn colours and new designs to the product line.
